

Oleksii Sahalovych - Capability Statement

Vacuum, plasma and surface engineering capability statement.

Name, website and email

Oleksii Sahalovych - also published as Olexiy / Alex Sagalovych and Alexey Sagalovich. Website: <https://sahalovy.ch>. Email: sagalovych@proton.me

Field	Content
Technical areas	Vacuum-plasma technologies; PVD / CVD / PECVD coatings; plasma nitriding; thermochemical treatment; tribology; surface engineering; industrial materials science; applied physics and engineering modelling.
Review scope	Equipment specification, supplier/RFQ/FAT review, vacuum acceptance, LPC validation, cathode and TVAC test review, coating route assessment and technical source review.
Public record	ORCID, ResearchGate, Google Scholar, LinkedIn, publications, public patent/application records and JTSP Editorial Board listing.
Related sources	avinit.ua , nitriding.eu , nano.org.ua and nanotechnology.org.ua provide technology and public-record context.
Email	sagalovych@proton.me

Prepared for professional introduction and project-specific technical discussions.
